Arjunan Kulasegaram: Team owner – Clearwater racing Ferrari

Matt has raced for our team on many occasions after being supplied to us from the Ferrari factory. At all times Matt has conducted himself as a true professional both on and off the track.

I must say that the times we have had Gianmaria Bruni and Matt Griffin in our car together I was unable to split them. In the Merdeka 12hr 2011 and 2012 they both did qualifying laps within 3 hundredths of each other. I will continue to use Matt at every opportunity.

Diego Gottardi: Ferrari Race Engineer

"Matt Griffin's biggest skill is to understand how the car is

Performing and then to drive exactly at its maximum. He is very meticulous and

Precise regarding the car setup, and he is also very quick in any race

condition, taking out the best from the car." Diego Gottardi - +39 349 238 7720
